11TH BOOK
Everyone, hello! This is Tanaka
It's already volume 2 of Sailor Fuku. Many new characters will appear so please look forward to it and enjoy it. This time there's a one-shot in this. I might have to hoard my old productions because only my new works are being published
But that just makes my life easier
I think I'll just write these spaces in a relaxed way this time too. Please stay with me 'till the end if you're not busy. Then let's go!

I'M SUZUTA YOSHIE, YEAR 1 FROM TOUOU HIGH SCHOOL.
I CAME HERE KNOWING THAT THIS IS WHERE KUO-SAMA LIVES

KUO-SA-MA ...?
Kuo-sama
The mighty monster "Kyuubi" that acts as a Misatoyama High School 2nd year to flirt with girls. He is currently residing at Hina's house
Usually half naked
The only reliable information I got was from the Matsumoto house!
He goes to many women's houses but he doesn't stay for long.
We lost him
Ahhhh
This house is where Kuo-sama keeps going!?
I went to a detective agency and even hired many detectives to stalk him, but his location is still unknown!
Then where is his house!?
SORRY, BUT THIS IS MY HOUSE,

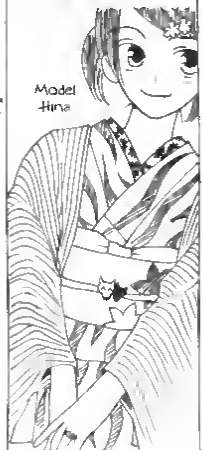
I have started. Even though I said that, I didn't learn how to wear it formally. I just learned from a friend. I'm looking for more antique and cheap ones. They're so colorful and varied that it makes me think Japanese clothing were more magnificent in the old times. The patterns are so diverse that it amazes me that the kimono and obi* match well.



It helps me raise my sense of colors as well. For those who are curious, I suggest that you look around in a kimono store.

Character Profile (6)

* Kotohira-sama
* About 185cm

At first he was going to be a female character, and I think that's the cause of him being a "pretty boy" type of character. He loves pretty things so much that he even loves human things if they are to his liking. The gods' world is rather systematical.

But this is only for "sealing devils and management," so not all gods are included in this. Anyways, Japan has so many gods. I think I was born in a very fun country.

Name.

I found out that there are some people that accidentally read "Shishi" as "Shin" by reading my fan letters. I'll make sure everyone knows his name now.

I hope you'll call him right now. I think it's easier to confuse the simple katakana letters more than kanji.

About "Falling Fireworks."

In this production swimming pools appear, and when I think about swimming pools I think about swimming suits! (Female ones)

I remember that I was having fun drawing it, and then the person in charge scolded me saying 'the girls' figures are too realistic.'
Well, I was using pictures of Olympic swimmers as a reference. . Bumpy.

I think girls' real muscles aren't needed in shoujo mangas.
This world is a fantasy.
And not wearing a swimming cap is also a fantasy
I hope you'll keep that in mind and read this...

Letters

In volume one I asked people to send me information about shrines, and I received many letters. Thank you, everyone. I'm still accepting more. Send me things that would make me think, 'what a cute Komainu!' or 'What a strange shrine!' I'm thinking of introducing all of these things to everyone the next volume. Everyone that sent me the information, it's okay, right?

I'll write names in initials. If there's anyone that's saying 'no, no!' then please tell me. A lot of the shrines you've told me about are in Kyoto. I want to go visit Kyoto and be all lazy. I couldn't go during my school field trip.

YEAH, IT'S THE FIRST TIME I HAVEN'T DONE ANYTHING WHILE SLEEPING AT A GIRL'S HOUSE

Thanks.
In volume 1 I said, 'Tell me if you find postcards embarrassing,' and it turned out that there are many people that want an envelope with it. I'm always sending postcards with pictures that you won't find embarrassing. (They're not real pictures, they're more like illustrations) But still people that think this should make sure to tell me in their letters, and I'll put the reply in an envelope.
